Itinerary:

Day one, meet in Hemosillo, have lunch and then head out to the ranch. Once we make it to the ranch, we will meet with the land owner, unload, have dinner and drinks and prep for the next day. **Day two**, rise up and the guides will take you to the spot scouted with the latest and largest game. You will then post up against a tree or use a ground blind. Both options will offer you one hundred percent success (don't ruin our success rate). We will then radio in the rancher to pick us up for lunch if you haven't tagged out yet. If the odds were against you, you then come back to the ranch and have lunch and then go back out for the second half of the day before the birds roost. After the evening hunt, it's time to head back to the ranch for dinner, drinks, a fire, and plenty of laughs as we share the stories from the day. **Day three**, will repeat itself, and **Day four**, but if at anytime you tag out early you have the option to take one of our charters and go deep sea fishing for a day, after a day's fishing you will stay the night(s) in San Carlos. **Day five**, we will take you back to Hermosillo, or Tucson if you add the extra transportation fee. At this time we'll recommend booking your 2028 Coues Whitetail hunt.

Come for the hunt. Stay for the experience. Leave with memories
you'll be talking about for years.
