Transportation from Tucson to Hermosillo

Itinerary:

Day one, meet in Hermosillo, we'll have lunch and then head out to the ranch. Once we make it to the ranch, we will meet with the land owner, sight guns in to ensure zero is on, have dinner, drinks and prep for the next day. **Day two**, wake up to hot coffee and breakfast; the guides will take you to your spots with the most recent and largest game opportunities. Depending on your choice of weapon, you may hunt water or glass mountainsides and canyons. Both options will offer you one plenty of deer to decide from. We will then radio the rancher to pick us up for lunch. During lunch we will enjoy a hot meal and some cold ones before we go back out for the second half of the day. We will either take our animal during this time or bed one up before making a play on it the next day. After the evening hunt, it's time to head back to the ranch for dinner, drinks, a fire, and plenty of celebrating as we share stories from the day. **Day three, four and five** will repeat day two, but if at anytime you tag out early you have the option to stay at camp or go to San Carlos and do some deep sea fishing in the Sea of Cortez. After a day's fishing you will stay the night(s) in San Carlos or we will take you back to Hermosillo, or Tucson if you add the extra transportation fee. At this time we'll recommend booking your 2028 Coues Whitetail hunt. If you have any questions, do not hesitate to reach out to us.

**Come for the hunt. Stay for the experience. Leave with memories
you'll be talking about for years.**
